2 FINDINGS and CONCLUSIONS

Based upon its review of the exhibits and the record of the proceedings the Board finds and concludes that:

- 2.1 The Site is located within the Limited Business (LB) zoning district.
 - 2.2 The Applicant requests a special permit for one wall sign (hereinafter the Sign) at the Site with a dimension in excess of the by-right 30 feet prescribed in Bylaw Section 7.7.4.3. The width of the proposed Sign is 45 feet.
- In all other respects the proposed sign as requested would comply with by-right requirements of the Bylaw.

- 2.3 The Sign may be allowed on the Site by special permit in accordance with Section 7.13.1.2a) of the Bylaw.
- 2.4 The Site has a temporary A-frame sign located near the access driveway advertising a “special” and “50% off” sale. According to Acton Zoning Enforcement Officer records, this sign has not received a temporary special event sign license.
- 2.5 The Sign is replacing a 30-foot wide existing wall sign stating “Post Road Carpet”.
- 2.6 The Sign will be installed on fascia to be painted green by others. It is unclear whether the entire fascia, including the portion that wraps around the front edges of the building, will be painted. It is necessary for the entire fascia to be painted to be considered wall area. If just the front portion of the fascia is painted, the area becomes display area for the wall sign and does not comply with Bylaw Section 7.7.4.1 which limits the display area of the Sign to be 81 square feet.
- 2.7 The Post Road Carpet building is set back approximately 150 feet from Great Road. The Sign will increase visibility of the business to vehicular traffic.
- 2.8 The Sign is consistent with the character and uses of the area and with the Zoning District in which it will be located.
- 2.9 The Sign is appropriate in scale, design, and proportion relative to the buildings in the area and to the general surroundings. It is attractively designed, appropriately located, and will be compatible with the building to which it principally relates, and it is in harmony with the general area of the Limited Business zoning district.
- 2.10 The Sign is a continuous part of an integrated architectural design of the entire Site.
- 2.11 The colors and materials of the Sign are restrained, and in harmony with the building.
- 2.12 The materials used for the Sign are appropriate and do not detract from the aesthetic qualities of the surroundings.
- 2.13 The number of graphic elements on the Sign are held to the minimum needed to convey the Sign’s primary messages and are in good proportion to the area of the Sign’s face.
- 2.14 The Sign will not unduly compete for attention with any other signs in the area.
- 2.15 The Sign is necessary for adequate identification of the business at this Site.
- 2.16 The Sign as approved herein is appropriate for the Site; is consistent with the Master Plan; is in harmony with the purpose and intent of the Bylaw, specifically Section 7; will not be detrimental or injurious to the neighborhood where it is proposed; and complies in all respects to the applicable requirements of the Bylaw and the Rules.
- 2.17 The Board has received comments from various Town departments, which are listed in Exhibit 1.2 above. The Board considered these comments in its deliberations, made them available to the Applicant, and incorporated them into this decision as deemed appropriate.
